

## Magnetic Neck Mount Sunnlyife for Action Camera (ZJ554)

Ref: 5905316146754

Opaska na szyję Sunnlyife z magnetycznym mocowaniem do kamer sportowych (ZJ554)

Sunnlyife neckband with magnetic attachment for sports cameras (ZJ554)

Make it easy to record breathtaking shots from a first-person perspective. The Sunnlyife neck brace with magnetic attachment allows you to mount your camera stably and is very convenient to use. The accessory also allows the device placed on it to rotate 360° and adjust its tilt up to 180°. It is also distinguished by its wide compatibility and lightweight, compact design.

High-quality magnets - many possibilities

The mount is equipped with 8 magnets, so it can provide the camera mounted on it with the necessary stability. Don't be afraid that the device will fall down and break! All this makes the product great for various scenarios. Attach the camera to your clothes and get a great first-person perspective shot, or place it on a metal surface of your choice, such as a refrigerator.

Various adjustment options

Experiment with different recording angles and create original shots from an unusual perspective. The mount rotates 360°, so you can position the camera mounted on it both horizontally and vertically. It is also possible to adjust the angle of the accessory up to 180°. Say goodbye to limitations and prepare lots of interesting video footage!

Wide compatibility

The product is compatible with many popular models of sports cameras. For example, you can easily attach to it DJI Osmo Action 3, DJI Action 2, as well as devices from various series of GoPro, Insta360 One R or DJI Osmo Pocket. You can also mount your smartphone on it - but for this you will need the Sunnlylife ZJ069 mount (sold separately).

#### Convenience of use

Customize the accessory to suit your needs. You can freely adjust the length of the neckband between 20-40 cm - position it in a way that makes you comfortable. The product is also extremely lightweight and compact. It fits easily in your hand and is very easy to transport. Stow it in your bag, backpack or even pocket to keep it handy at all times and never miss an opportunity to record fantastic shots!
