

Nillkin SnapLink Magnetic Phone Holder / Ring for Devices wi

Nillkin SnapLink Magnetic Phone Holder / Ring for Devices with MagSafe 1pcs (Black)

Ref: 6902048230958

Nillkin SnapLink magnetic phone holder / ring for devices with MagSafe (black)

The SnapLink Magnetic Holder by Nillkin is a must-have for anyone who wants to gain the ability to use MagSafe technology. It stands out for its high magnetic strength and is made of sturdy PC material, making it resistant to damage. Its installation will not cause you any trouble.

Refined design

What characterizes the SnapLink holder is its high magnetic strength - as many as 6 N52H NdFeB magnets are built into it. What's more, the product does not affect the inductive charging process. You can conveniently renew your smartphone's power without removing the holder.
