Smartwatch Colmi P60 (black)

Colmi P60 is a smart assistant that will make your daily life easier. The 1.96" TFT display is responsible for a clear, high-quality image, while the lightweight and minimalist design ensures comfort and looks great. What's more, it will allow you to take care of your health and fitness with practical functions and more than 100 sports modes. In addition, it allows you to answer incoming calls, check the weather forecast, take pictures remotely and much more. See for yourself!

Clear access to information

With the Colmi P60, you can easily read new notifications and adjust settings. The smartwatch offers a 1.96" rectangular TFT display with a resolution of 320x386p, which translates into HD-quality images. In addition, it features a sleek and minimalist design - it will match almost any styling.

Will help you take care of your fitness

Do you like to spend your free time actively, or maybe you want to try your hand at a new discipline? Colmi P60 will help you! The smartwatch is equipped with more than 100 sports modes, so there is something for everyone. You can choose from running, cycling, badminton, pilates, skiing, tennis and climbing, among others. What's more, the smartwatch recognizes barbell exercises, for example, and automatically generates a workout report so you can track your progress.

Taking care of your health

Colmi P60 will help you take care of your health. It counts steps, calories burned and distance. What's more, the built-in biosensor monitors your heart rate around the clock, so you can track your health at all times. In addition, it measures blood saturation, records sleep time and sleep quality. Then, based on the generated data, you can work on your habits.

Stay up to date

Pair your smartphone with the smartwatch and don't miss important information. Colmi P60 displays notifications of incoming calls, SMS messages, etc. Everything important is now at your fingertips - just lift your wrist.

Your smart assistant

For even more convenience, the smartwatch is equipped with a number of useful functions. From the Colmi P60 you can make a call, check the weather forecast, set an alarm clock and timer. It is also possible to manage the music player or use the menstrual calendar. In turn, the remote shutter button will allow you to take a photo.

Up to 7 days on a single charge

The smartwatch is equipped with a 230 mAh lithium-polymer battery, which translates into about 5-7 days of operation. On the other hand, it remains in standby mode for 15 days. You'll also find a magnetic charging cable included - after about 2 hours, the smartwatch will be ready for further use.
