Flashlight HOTO HOTO QWSDT002, 1000lm

HOTO QWSDT002 torch, 1000lm

Brightness of up to 1,000 lm and 210 m - these are just some of the advantages of the HOTO torch. This torch is suitable for many situations, such as a night walk or a camping trip, but not only because it offers many different modes of operation. What is more, its control is very simple and intuitive. With a runtime of up to 65 hours, this torch is ideal for a weekend camping trip.

Easy to control

The HOTO torch has been created with comfort in mind, so it is very simple and intuitive to use. You can adjust the intensity of the light with one click, and use the swivel design to change the light source - you can choose the main light, the side light and much more! Enjoy full control with HOTO!

The perfect light source

The HOTO torch will be the perfect source of light. It can generate light with a brightness of up to 1000 lm. What's more, it has a range of up to 210 m, which makes it perfect for outdoor activities such as night walks.

Different light modes

What sets the HOTO torch apart is the ability to change modes freely. You can choose from a light suitable for night walks, but also from side lighting, warm light, flashing and SOS modes, as well as a two-colour light. This makes the equipment adaptable to your needs and

preferences.

Long operating time

You don't have to worry about your light source suddenly going out. The HOTO torch is equipped with a 3200 mAh Li-ion battery. This means that it can operate for up to 65 hours. What's more, it will continuously serve you for up to 5 hours! This means you can take it on a weekend camping trip.

Comfortable to use

The HOTO torch is a functional device that has been created with comfort in mind. Thanks to the magnetic strip and the extendable hook, you can place it almost anywhere. This makes it easy to hang it from a tree or metal surface.
