

Earphones TWS 1MORE Neo (black)

Earphones TWS 1MORE Neo (black)

1MORE Neo Headphones (black)

Make sure you have the equipment that will allow you to fully immerse yourself in your favorite games and songs. The 1MORE Neo headphones feature 13-millimeter drivers that guarantee high-end sound. Dual microphones support ENC noise cancellation, and low latency will surely be appreciated by game lovers. Bluetooth 5.2 is responsible for a stable connection, and the headphones' operating time reaches up to 45 hours with a charging case. Also noteworthy are IPX5 water resistance and extremely low weight.

Ref: 6933037202571

Crystal clear sound

The headphones feature 13-millimeter drivers that will take your musical experience to a whole new level. 1MORE Neo guarantee perfect harmony of bass, midrange and treble, presenting realistic sound and richness of detail. As a result, you will appreciate the songs of your favorite artists in a new way.

The perfect solution for gamers

The low-latency mode will allow you to enjoy perfect sound and video synchronization, so you can achieve the immersion of your dreams during thrilling games. What's more, the Neo model supports Bluetooth 5.2 technology, which ensures low power consumption and a stable connection. Nothing will stand in your way of victory anymore!

Unobstructed conversations

1MORE headphones offer two high-quality microphones that support ENC noise cancellation. Whether you're in a crowded subway or walking down a noisy street, you can talk freely on the phone and your caller will always hear you.

Long operating time

The 1MORE NEOs feature a powerful battery that provides up to 11 hours of use. With the charging case, you will extend this time to 45 hours. This allows you to listen to your favorite songs, watch movies, play games and make phone calls without limits. It only takes about 70 minutes to charge the headphones.

Touch operation

Thanks to the practical touchpads, with just a few clicks you can stop or resume playback, adjust the volume, launch the voice assistant, answer an incoming call, hang up and more. What's more, you can personalize individual settings from the 1MORE MUSIC App.

Practical solutions

Use 1MORE headphones even in less than favorable conditions. The Neo model provides IPX5-level sweat and water resistance, so you can listen to music during intense workouts or rainy weather. In addition, when removed from the case, the headphones automatically connect to the device they were paired with the last time. It is possible to use only one headphone of your choice.

Light as a feather

Neo headphones are distinguished by their ergonomic design and lie perfectly in the ears without causing discomfort. The weight of one earphone does not exceed 4.3 g, which further increases the comfort of use.
