

Cable USB LDNIO LS581 type-C, 2.4 A, length: 1m

Cable USB LDNIO LS581 type-C, 2.4 A, length: 1m

Ref: 5905316144071

LDNIO LS581 USB cable type C, 2.4 A, length: 1 m

Conveniently use your devices while charging. The USB-C connector of the LDNIO LS581 cable is curved at a 90° angle, so it does not protrude or interfere with the use of your phone or tablet. The product provides up to 2.4 A and allows you to transfer files quickly. It is also very robust and resistant to damage.

Convenient use

Now you can conveniently use your phone or tablet connected to the charging unit. The LS581 cable features a 90° curved connector that won't stick out and gives you a comfortable grip. Watch movies or play your favourite games without interruption - no more worrying about your device suddenly discharging!

Damage-resistant

Durable and environmentally friendly materials such as zinc alloy, PP and PVC have been used in the construction of the cable. This makes the product very robust and resistant to damage, bending or wear. It will also not become excessively tangled. The LS581 will serve you well for a long time!

Amazing performance

No more endless waiting for your devices to be ready for use again. The LS581 cable provides a charging rate of up to 2.4 A. This will renew your phone's energy in no time! What's more, the product allows you to charge your devices and transfer files at the same time.
