

Cable USB LDNIO LS591 lightning, 2.4 A, length: 1m

Cable USB LDNIO LS591 lightning, 2.4 A, length: 1m

Ref: 5905316144118

LDNIO LS591 lightning USB cable, 2.4 A, length: 1 m

With the LDNIO LS591 cable, you can not only quickly charge your chosen devices, but also transfer the files you need. The product provides a current of up to 2.4 A and a transmission speed of around 480 Mbps. At the same time, it is extremely resistant to damage and environmentally friendly materials have been used in its manufacture.

Top quality workmanship

The cable is made from high-quality materials (such as PVC), making it extremely robust and resistant to damage. Even pulling and bending will not scare it! In addition, its most sensitive components have been given extra protection and an intelligent chip is responsible for its reliable operation.

Fast charging

Charge your devices much faster than with a regular cable. The LS591 provides up to 2.4 A, so it can renew the energy of your iPhone or iPad in no time. No more long waits - save time with LDNIO!

Instant file transfer

The LS591 cable allows you to charge your devices and transfer files at the same time. It offers transmission speeds of up to 480 Mbps,

meaning that it doesn't take long to copy your chosen photos, documents, music tracks or videos. It's the perfect option for graphic designers, photographers, web developers and more!
