Filters PolarPro Vivid for DJI Mavic Air 2 (3-pack)

Set of 3 PolarPro Vivid filters for DJI Mavic Air 2

PolarPro's ND/PL Cinema Series filters are designed specifically for the DJI Mavic Air 2, providing high quality images and easy installation and removal. These polarizing filters are made of high-quality materials such as multilayer glass and aluminum, so that the weight of the filter does not affect the operation of the gimbal. Their advanced manufacturing technology protects them from glare, glare, water, scratches, or oil.

Durable

The filters were created from durable aircraft-grade aluminum. A built-in polarization indicator on each allows quick and easy ability to adjust the correct value for current weather conditions. Like all PolarPro accessories, this filter includes Adventure Assurance™ insurance, ensuring that the filter can withstand even the toughest adventures.
