Self-Inflating Mattresst HOTO QWOGJ003 HOTO self-inflating mattress QWOGJ003

Do you often go on camping trips? However, do you like to sleep on a comfortable and convenient mattress? The HOTO mattress will be perfect for you! It is up to 25 cm thick and can easily accommodate two people. It is equally at home in a tent or in the bedroom. What's more, you can easily inflate it in just 3 minutes thanks to a special air pump. Sleep comfortably even in the open air!

Perfect lying comfort

With the HOTO mattress, you can sleep comfortably all night long! You don't have to worry about falling, as it is equipped with special drawstring bands that distribute the weight for greater stability. In addition, it can easily accommodate two people and the weight it can hold is up to 300 kg. It will be perfect for camping trips, nights outdoors and as a bed in your bedroom.

Excellent quality

The self-inflating mattress has been created with special care, so it uses excellent quality PVC material that is waterproof. This means that it will not be frightened by weather conditions. What's more, it is also skin-friendly and will not crack when cold.

Comfortable to wear

You can now forget about stubbornly blowing your mattress with the force of your lungs, as it is equipped with a special air pump, with a large 2000 mAh battery. With this, your mattress will be ready for use in just around 3 minutes! What's more, its operation is very simple

as you only need to click one button to switch it on. You also don't have to worry if its battery runs out, as you can easily recharge it using the USB-C cable.

Multi-functional air pump

You can easily pull the air pump out of the mattress, which makes it easy to use it to pump other objects. This task will be made easier by the 3 different nozzles you will find in the set. What's more, you can also use it to light a campfire. This makes the air pump a versatile gadget that can be used in many situations.

Easy to transport

Despite its large size, you can easily transport your mattress. Simply stow it in the carry bag. It weighs only 6.4 kg when folded, which means you can even carry it easily in one hand! Save time and space with HOTO!
