Trackless nano tape square Hoto QWNMJD001

Do you want to decorate your flats for a party quickly and easily? Or maybe you want to hang new pictures on the wall? Use the HOTO nano tape for this! It leaves no residue and, what's more, requires no cutting. The set includes ready-to-use pieces in 2 sizes. In addition, this tape is flexible, durable and resistant to heat and moisture.

Ready-to-use

Ready-to-use tape in 2 sizes is included in the pack. The square pieces of tape are a set of 24. What's more, you no longer need to have scissors at hand. All you need to do is peel off the corresponding piece and then immediately use it anywhere. Attaching items has never been so easy!

Reliable strength

Despite its small size, the tape stands out for its enormous adhesive strength. As a result, it provides high load-bearing strength for the objects to be glued. In addition, this product is made of environmentally friendly acrylic. It is flexible and double-sided, making it easy to adapt it to your needs.

Comfort of use

What sets the HOTO tape apart is its easy and hassle-free use. What's more, it leaves no residue or dirt on surfaces. It exhibits high permeability and dust resistance - its edges will not collect dirt.

Reliability
HOTO tape was developed with your comfort in mind, which is why it is also resistant to moisture and high temperatures. This means that even in a hot car or a damp toilet, it will be able to successfully hold further objects. Amongst other things, you can use it to decorate your flat for your child's birthday party, attach a strip under the desk or hang a picture on the wall.
