Cordless High Pressure Washer Hoto QWXCJ001

Ref: 6974370800215

Hoto cordless high pressure cleaner QWXCJ001

Are you looking for a reliable piece of equipment that will allow you to not only wash your car, but also the pavement next to your house or even bathe your pet? The HOTO cordless washer will work perfectly for you! You can choose from several different modes, so you can adapt its operation to your needs. What's more, thanks to its high-capacity battery, you can easily complete the work you have planned.

High power

What sets the HOTO cordless high-pressure cleaner apart is its large 2,000 mAh battery, which ensures long operation. What's more, the water pressure reaches up to 2.4 MPa. It is also very comfortable to use, as its flow rate is as high as 180 l/h, making it easy to wash your car or clean the yard.

Various operating modes

You can adapt the HOTO high-pressure cleaner to your needs because it allows you to swap between different modes. Use the direct high-pressure mode, the 40° large area rinse mode, the spray mode or the foam jet mode to clean your car. To clean the pavement next to your house, choose the 20° sector mode. And for watering flowers, the 20° slant direction mode will work well.

Multifunctional washer

The HOTO washer is designed for your comfort, so you can use it in many situations. It is perfect for cleaning your car, bike or windows, but not only! You can also use it to make your yard look like new and keep your flowers watered. You can also use it to keep your pet clean. The possibilities are endless with HOTO!

Comfort of use

HOTO combines functionality with comfort. The high-pressure cleaner is lightweight, so you will not get tired even if you wash your car for a long time. What's more, you can easily switch it on and off with the touch of a finger. When you want to get started with the washer, all you have to do is dip its 6-metre hose into any container of water. In addition, a convenient power level indicator will let you know when the battery needs to be charged.

Clever design

The HOTO washer is distinguished by its carefully thought-out design. Its pump has been fitted with a metal bearing so that it can serve you for a very long time. What's more, the washer shows strong resistance to wear and tear.

□ Producer
