

Mechanical gaming keyboard Motospeed CK61 RGB (white)

Ref: 6953460501928

Mechanical gaming keyboard Motospeed CK61 RGB (white)

Motospeed CK61 RGB Mechanical Keyboard (white)

Get an edge over your rivals with the keyboard from Motospeed! The accessory supports anti-ghosting technology to prevent accidental pressing of unwanted keys. Equipped with blue switches, it will perform well both at work and during games. It stands out for its long key life, up to 50 million clicks. In addition, the sealed design prevents water from entering and damaging the accessory, while 14 RGB backlighting modes give the CK61 a gaming touch.

Rugged construction

The CK61 is a mechanical keyboard that stands out for its incredible durability. The device has 61 keys with a lifespan of up to 50 million clicks. In addition, its leak-proof design protects the CK61 from flooding. So you can use it even during the most exciting games without worrying about damage.

Compatible

Are you worried that the keyboard will not be compatible with your hardware? Don't be! The accessory has a USB 2.0 port, so you can successfully connect it to a computer with Windows XP / 7 / 8 / 10 / Mac OS.

Gaming RGB backlighting

Complete your gaming zone with the Motospeed keyboard. The CK61 features RGB backlighting for a stylish look. Plus, you can choose from 14 modes to personalize the look of the accessory.
