Wired Air Pump Remax CQ-1

Ref: 6954851211952

Automotive inflator Remax CQ-1

Use the Remax CQ-01 inflator to quickly inflate your car's tyres. The device uses a pressure of up to 36 PSI, so it will inflate tyres such as 185/60/R15 in around 11 minutes. The product will also work well for bicycles, motorbikes or balls. The LED backlighting and convenient buttons make it easy to use, and the durable battery ensures a long run time. Charging the CQ-01, on the other hand, will take approximately 2.5 h.
