Ref: 6975606870132

Wireless Bluetooth Speaker Tronsmart Halo 110 (black)

Tronsmart Halo 110 wireless speaker (black)

Looking for the perfect speaker that you can customize according to your preferences? The Tronsmart Halo 110 wireless speaker will be perfect for you! It has an output power of 60 watts, which guarantees loud and clear sound during parties or gatherings with friends. What's more, you'll be able to adjust its appearance to the situation or your mood with the help of 5 backlighting modes.

Stunning sound quality

The Halo 110 wireless speaker will provide you with excellent sound, thanks to its high output power of up to 60 watts. This makes it ideal for large parties or gatherings with friends. What's more, you can easily personalize the sound effects and adjust the backlight with the dedicated Tronsmart app. Listen to your favorite songs the way you like them best!

Long runtime

What sets the Tronsmart speaker apart is its large 12,000 mAh battery. It provides the device with up to 18 hours of operation, so you won't have to limit yourself anymore! What's more, for even better stereo sound, just pair 2 speakers together. Enjoy an uninterrupted party to the rhythm of the greatest hits!

Highlight

The Tronsmart speaker will match any occasion as it is equipped with colorful backlighting. You can freely switch between 5 different light modes, making every party unique. Turn on the backlight in the evening and marvel at the speaker's unique look!

#### Powerbank function

Halo 110 is not only the perfect equipment for any party, but also a functional device that can act as a powerbank. Just plug your device into the USB-A port in power mode, and the speaker will automatically detect it and start charging. From today, nothing will surprise you.

#### Various connectivity options

You can listen to music the way you like with the Halo 110 speaker, as it offers several connection options. You can use a 3.5mm AUX cable, as well as an SD card of up to 128GB and a USB device. What's more, the Tronsmart equipment also supports Bluetooth 5.3 technology, which guarantees a constant and stable connection of up to 15 meters.

#### Karaoke mode

Do you like to sing along with your favorite performers? The Halo 110 speaker will be perfect for you, as it is equipped with a karaoke mode. To turn it on, just insert the microphone into the microphone jack. The speaker will automatically switch to karaoke mode, and you will be able to feel like a real singer!

#### Comfort of use

The Halo 110 speaker was created with comfort in mind, so the control panel was placed on top of the device, but more convenient to use. It won't be afraid of water splashes either, as it shows IPX6 water resistance. What's more, it will automatically turn off after 30 minutes when you don't pair it with any device or when its battery is at a low level.
