

Filter ND1000 Freewell Long Exposure for DJI Mavic 3 Classic

Ref: 6972971860218

Filter ND1000 Freewell Long Exposure for DJI Mavic 3 Classic

Freewell ND1000 filter for DJI Mavic 3 Classic

Protect the lens of your camera and increase the quality of your shots with Freewell's proposal. The ND1000 filter provides protection from scratches, water and dust, and effectively reduces the amount of light coming through the lens. The product is made of high-quality optical glass and aluminum alloy. It is distinguished by its light weight - you do not have to worry about the load on your device.

Effective performance

The ND1000 filter by Freewell provides effective glare reduction, so you can easily take shots that feature realistic colors and excellent contrast. The product also helps you control your camera's exposure settings when shooting or recording outdoors and offers 10-stop compensation to reduce the amount of light coming through the lens.

Many possibilities

With the ND1000 filter, you can successfully capture stunning landscape shots, as well as soft and smooth effects of water or clouds. You'll also easily capture the movement of cars, people or animals and get the effect of even exposure, even on sunny days.

Refined construction

The Freewell product is made of high-quality optical glass and aluminum alloy. It provides protection against water, dust and scratch

resistance.
