

Filter ND128 Freewell for DJI Mini 3 Pro / Mini 3

Filter ND128 Freewell for DJI Mini 3 Pro / Mini 3

Ref: 6972971860492

Freewell ND128 filter for DJI Mini 3 Pro / Mini 3

Protect your camera lens and increase the quality of your shots with Freewell's proposal. The ND128 filter provides protection from scratches, water and dust, and effectively reduces the amount of light coming through the lens. The product is made of high-quality optical glass and aluminum alloy. It is distinguished by its light weight - you do not have to worry about the load on your device.

Effective performance

The ND128 filter by Freewell provides effective glare reduction, so you can easily take shots that feature realistic colors and excellent contrast. The product also helps you control your camera's exposure settings when shooting or recording outdoors and offers 7-stage compensation to reduce the amount of light coming through the lens.

Refined construction

The Freewell product is made of high-quality optical glass and aluminum alloy. It provides protection against water, dust and scratch resistance.
