

Filter ND256 Freewell for DJI Mini 3 Pro / Mini 3

Ref: 6972971860508

Filter ND256 Freewell for DJI Mini 3 Pro / Mini 3

Freewell ND256 filter for DJI Mini 3 Pro / Mini 3

Protect the lens of your camera and increase the quality of your shots with Freewell's proposal. The ND256 filter provides protection against scratches, water and dust, and effectively reduces the amount of light coming through the lens. The product is made of high-quality optical glass and aluminum alloy. It is distinguished by its light weight - you do not have to worry about the load on your device.

Effective performance

The ND256 filter by Freewell provides effective glare reduction, so you can easily take shots that feature realistic colors and excellent contrast. The product also helps you control your camera's exposure settings when shooting or recording outdoors and provides 8 stops of compensation to reduce the amount of light coming through the lens.

Many possibilities

With the ND256 filter, you'll successfully capture stunning landscape shots, as well as soft and smooth effects of water or clouds. You will also easily capture the movement of cars, people or animals and get the effect of even exposure, even on sunny days.

Refined construction

The Freewell product is made of high-quality optical glass and aluminum alloy. It provides protection against water, dust and scratch resistance.
