Filter ND512 Freewell for DJI Mini 3 Pro / Mini 3

Freewell ND512 filter for DJI Mini 3 Pro / Mini 3

Protect the lens of your camera and increase the quality of your shots with Freewell's proposal. The ND512 filter provides protection from scratches, water and dust, and effectively reduces the amount of light coming through the lens. The product is made of high-quality optical glass and aluminum alloy. It is distinguished by its light weight - you do not have to worry about the load on your device.

Effective performance

The ND512 filter by Freewell provides effective glare reduction, so you can easily take shots that feature realistic colors and excellent contrast. The product also helps you control your camera's exposure settings when shooting or recording outdoors and provides 9-stop compensation to reduce the amount of light coming through the lens.

Many possibilities

With the ND512 filter, you'll successfully capture stunning landscape shots, as well as soft and smooth effects of water or clouds. You will also easily capture the movement of cars, people or animals and get the effect of even exposure, even on sunny days.
