

Filter ND16/PL Freewell for DJI Mini 3 Pro / Mini 3

Filter ND16/PL Freewell for DJI Mini 3 Pro / Mini 3

Ref: 6972971860591

Freewell ND16/PL filter for DJI Mini 3 Pro / Mini 3

Protect your camera lens and increase the quality of your shots with Freewell's proposal. The ND16/PL filter provides protection against scratches, water and dust, as well as enabling effective polarization. The product is made of high-quality optical glass and aluminum alloy. It is distinguished by its light weight - you do not have to worry about the load on your device.

Effective performance

The ND16/PL filter from Freewell combines the properties of a neutral and polarizing filter. As a result, it provides effective polarization and glare reduction, so you can easily take shots that feature realistic colors. The product also helps you control your camera's exposure settings and offers 4-step compensation to reduce the amount of light coming through the lens.

Refined construction

The Freewell product is made of high-quality optical glass and aluminum alloy. It provides protection against water, dust and scratch resistance.
