Cable USB - USB-C Green Cell GC Ray, 120cm, green LED, with Ultra Charge, QC 3.0

Ref: 5903317227755

Green Cell GC Ray USB-A/USB-C cable

The 120 cm long GC Ray USB-A/USB-C cable allows instant charging and data transfer. It is distinguished by its green backlighting and support for fast charging protocols. The product is made of durable materials, which translates into high durability.

Fast power and data transfer

Thanks to fast charging protocols such as Quick Charge 3.0, GC Ultra Charge, Samsung AFC or Huawei FCP/SCP, the Green Cell cable will renew your smartphone's energy surprisingly quickly. What's more, it enables data transfer speeds of 480 Mbps. You no longer have to wait long for your files to be transferred to your chosen device.

Modern design

What sets the GC Ray cable apart is the subtle green illumination of the USB-C plug. Thanks to it, you can easily locate your phone, even in unfavourable lighting conditions. What's more, the length of the cable is up to 120 cm - so you can use your smartphone comfortably, even when it's plugged in for charging.

Wide compatibility

The GC Ray is compatible with devices equipped with a USB-C port. Whether you're using the latest smartphones such as the Samsung

S22, S22 Ultra, Xiaomi 12 Pro, Huawei P30 Pro, Nintendo Switch console or iPad Pro 2020 tablet, the Green Cell cable will be a great choice!
