Delux M618Mini DB BT+2.4G 2400DPI Wireless Vertical Mouse (Pink)

Need a functional, comfortable-to-use computer mouse? The Delux M618 Mini Vertical Mouse will let you feel a new, unprecedented freedom when working with your computer. Its ergonomic design puts comfort at the forefront of your mind, and its efficient power supply ensures long operating times on a single charge.

Functionality in every detail

The design of the device has been thought out to make your computing experience as easy as possible. You can control the DPI level of the mouse as you wish, selecting one of 4 levels (800 / 1600 / 2400 / 4000). In addition, the 6 silent buttons will ensure that you can adapt its operation to your requirements, in peace and quiet. More possibilities mean more comfort!

Powerful power supply

Forget about the limitations caused by tangled cables! The Delux M618 Mini Wireless Upright Mouse gives you the freedom of movement you need, while the long-lasting battery ensures long working hours. With its 500 mAh capacity, you can use the device for about 2 weeks on a single charge. You can conveniently top up the power via the included USB-C cable.

2 connectivity options

You can connect the mouse via Bluetooth and 2.4G bandwidth - freely switch between 3 devices at the same time. It is compatible with Windows and macOS, expanding its functionality. Opt for versatility without sacrificing quality!

Modern design

The design of the mouse focuses on the combination of functionality and aesthetics. The design with RGB backlighting has a very modern look, adding character to your workstation. Choose practical solutions without sacrificing quality!
