

Wireless +2.4 G Vertical Mouse Delux M800 DB

Wireless +2.4 G Vertical Mouse Delux M800 DB

Ref: 6938820408949

Delux M800 DB + BT wireless mouse

With the Delux M800 DB mouse, you will enjoy an unparalleled user experience! It offers smooth and responsive performance, and thanks to its durable Kailh 4.0 switches, it is sure to last you a long time. You can connect it to the device of your choice in 2 ways - wired or wireless. It also complements your gaming rig with its colourful RGB backlighting.

Exceptional precision

The Delux mouse will surprise you with its incredibly smooth performance - all thanks to the PWM3325 precision sensor. With a resolution of 10,000 DPI, the mouse is perfect for both computer work and fast-paced gaming. The M800 will keep you company in many battles thanks to a long key life of up to 60 million clicks.

2 connectivity options

The Delux M800 offers 2 ways to connect to your device of choice - it's up to you! You can connect the mouse either wired or wirelessly. You will find a special Nano receiver included, which allows you to connect to your computer in the 2.4G band. Forget about delays and enjoy a stable transmission! You can also use the USB-C cable and freely use the mouse while charging.

Well thought-out design

The ergonomic design of the mouse will provide the comfort you dream of while working. Its slim design fits comfortably in your hand, giving you even more control over what's on your screen. The M800 also features colourful RGB backlighting to give your mouse a gaming touch!
