Wired Ergonomic Keyboard Delux GM905DB Grey/Orange

Ref: 6938820414117

Delux ergonomic keyboard GM905DB BT+2.4G (grey-orange)

Ensure your comfort during prolonged work at the computer! The Delux GM905DB ergonomic keyboard provides the maximum level of user comfort. It connects to the device of your choice in 2 ways - via Bluetooth and in the 2.4G band. It works with a wide range of devices - it is compatible with Windows 8 / 10 / 11, macOS, Android and iOS. It also features a special palm rest and practical function keys.

Connect it to your 3 devices

Tired of tangled cables? The GM905DB is the answer! The Delux keyboard is wireless - connect it to the device of your choice via 2.4G or Bluetooth 5.0. What's more, you can connect it to up to 3 devices at the same time to make your work easier! Dedicated keys will make it easy for you to switch between paired devices.

With comfort in mind

Enjoy the comfort you dream of, even if you've been working on your computer for hours! The GM905DB will delight you with its ergonomic design with a specially curved design and built-in support, which is made of an extremely pleasant-to-touch synthetic leather. The keyboard will help you to maintain a good typing posture and will also relieve stress on your wrists. So you can forget about persistent pain or fatigue!

Ideal for sitting and standing work

The advantages of the GM905DB keyboard don't end there! It is equipped with front and back feet, so you can easily adjust its height and angle to suit your needs or preferences. This means the keyboard is perfect for both sitting and standing. Set it up just the way you need it and get even more comfortable!

Working even easier

Working at the computer is now even easier! The keyboard is equipped with practical function keys that make it easier for you to use your computer. You can use them to adjust the volume, brighten or darken the screen, switch to the calculator or switch between windows. See for yourself how easy it is!
