

Air Fryer Princess 6.5 L

Air Fryer Princess 6.5 L

Ref: 8713016098412

Princess 6.5 L fat-free fryer

Opt for the Princess proposal and easily cook healthy, delicious meals for up to 9 people! The fat-free fryer uses hot air and features a 6.5-liter capacity, making it perfect for families with several people. It supports up to 8 programs, including frying, baking and steam functions. It can adjust the temperature from 40°C to 200°C and offers a power output of up to 1,700 watts. It also has a built-in LCD display, an indicator light and an indicator of the appropriate temperature. Thanks to its well-thought-out design, using the device is simple and safe.

A variety of healthy meals

The Princess fat-free fryer uses hot air circulation, so you can easily and quickly prepare healthy meals that will delight even the most demanding family members. The device is distinguished by its 1,700 watts of power and supports up to 8 modes, including frying, baking and steam functions, giving you the ability to prepare a variety of dishes such as French fries, chicken, fish, vegetables, as well as desserts. Awaken your creativity, mix ingredients and surprise others with your dishes!

User-friendly

Operating the Princess deep fryer will not give you any trouble. The built-in LCD display, indicator light, digital timer and indicator of the appropriate temperature allow you to easily monitor the cooking process. In addition, you will hear a distinctive beep when the device

finishes operation. The fryer is also equipped with an adjustable thermostat that allows you to set the temperature from 40°C to 200°C. What's more, its capacity is as much as 6.5 liters, so you can quickly cook meals for as many as 9 people.

Safety and convenience of use

Care has been taken to ensure that it is completely safe to use the Princess appliance. The fryer automatically shuts off after a certain action or after a prolonged period of inactivity. It is equipped with a non-heating handle, eliminating the risk of burns. Non-slip feet provide stability, and the removable bowl allows convenient cleaning. In addition, the surface of the device is coated to prevent food from sticking during cooking.
