Remax Platinum Pro USB-C-lightning cable, RC-C050, 20W (white)

Are you looking for a universal cable that will allow you to charge your devices and transfer data quickly? With the Remax cable it will be possible! With its help, your equipment will be ready for use in no time. Made of high quality materials, it will serve you for a very long time.

Fast charging and data transfer

Remax cable will provide you with fast charging, thanks to its 20W power. This will make you charge your iPhone 8 to 14 series in no time. Not only does it charge quickly, but it also allows you to transfer data at speeds as high as 480 Mbps. With Remax, you don't have to limit yourself anymore!

Comfort of use

The Remax cable was created with comfort in mind, so it was made of the highest quality materials. This guarantees durability and resistance to wear and tear. What's more, the cable is skin-friendly and environmentally safe. It has been equipped with special current protection. Thus, you get a guarantee of stable and safe charging. You can already rest assured about your devices!
