

Remax Retor RU-U5 5-in-1 docking station (grey)

Ref: 6954851226024

Remax Retor RU-U5 5-in-1 docking station (grey)

Remax Retor 5-in-1 docking station (gray)

Expand the possibilities of your equipment and bet on a practical proposition from Remax. The Retor 5-in-1 docking station is a stylish and functional gadget that allows you to easily connect different devices. Whether you want to transfer files, watch movies on the big screen or charge your devices, the Remax product will provide you with everything you need! The station offers 3 USB-A 3.0 ports, a USB-C port and HDMI.

High picture quality

The Retor docking station offers an HDMI 2.0 port, which allows you to display 4K30Hz video on the big screen. Organizing a movie night will no longer be a challenge!

Convenient power renewal and file transfer

Quickly renew the energy of your devices! Remax Retor features a USB-C port that supports the PD fast charging standard with 100W of power. This allows you to charge compatible devices in no time. Have the product with you at all times and don't let your phone discharge at an inopportune moment. What's more, the three USB-A 3.0 ports allow you to transfer files at 5Gbps. Now you can transfer photos and videos with ease!

Convenience of use

The product is made of high-quality materials, such as aluminum alloy, so it not only looks elegant, but also ensures efficient heat distribution. In addition, operation of the docking station is very simple and intuitive thanks to the plug and play function, which allows you to use the device immediately without installing additional drivers. Enjoy the capabilities of the Remax Retor without having to deal with complicated configuration processes.
