

## Remax Time Eye Protection RT-E185 LED lamp (white)

Ref: 6954851263685

Remax Time Eye Protection RT-E185 LED lamp (white)

### Remax Time Eye Protection LED lamp (white)

The Remax Time Eye Protection lamp has a built-in display that shows the current time, date, day of the week and temperature. The device provides soft illumination that protects the eyes from excessive strain and fatigue. The color temperature ranges from 3750-4250K, and the color rendering index (Ra) exceeds 80, so colors are faithfully reproduced. The 1,200 mAh rechargeable battery provides long runtime.

### Eye-friendly light

The soft lighting provided by the Remax Time Eye Protection lamp makes it ideal for reading, computer work or evening relaxation. Designed to minimize visual fatigue, it allows you to enjoy comfortable illumination without negative effects such as feeling dry or irritating your eyes. The LED chip consists of 18 pieces of SMD2835 LEDs of 0.2W each, providing an even and efficient light source.

### Easy-to-read display

The lamp is equipped with a display, which increases its functionality. Now you can conveniently read the current time, date, day of the week and temperature. Thus, the lamp not only provides illumination, but also acts as a practical clock and thermometer.

### Long working time

The 18650 lithium battery with a capacity of 3.7 V/1200 mAh ensures long-lasting operation of the lamp. So you can enjoy soft lighting without limits! Remax Time Eye Protection has a 5V/500mA USB input, so you can power it from various devices.

- Manufacturer
- Remax
- Model
- RT-E185
- Input
- USB 5V/500mA
- Rechargeable battery
- 18650 lithium, 3.7V/1200mAh
- Luminous flux
- 250LM±25LM
- Color temperature
- 3750-4250K Ra>80
- LED chip
- SMD2835, 18PCS\*0.2W
- Rated power
- 4W±10%
- Color
- white
