

Remax Smart RT-D01 mini tracker Remax Smart RT-D01 mini tracker Ref: 6954851223313

Remax Smart mini detector

With the Remax mini detector you can enjoy freedom and peace of mind during your daily activities. You no longer have to worry about where you left your belongings - the device will locate them for you. The product is very practical and is not a burden on your wallet or keys. It will even help you track your lost phone! It supports Bluetooth 5.2 and will also serve you as a voice recorder. It is compatible with Android and Apple systems.

Real-time tracking

The Remax detector will make sure you never worry about losing important items again. The device offers real-time tracking - so you can check where your keys, wallet, or purse are at any time. Just clip the product to the item of your choice! You can also attach it to your child's backpack or your pet's collar and always be able to check their location in an app that records history. Connect the locator to your smartphone and enjoy a sense of security!

Practical solutions

What if you lost your phone? Remax has a solution for you. Pressing the button on the locator twice will trigger an alarm on your phone. This is especially useful if you lose your devices in a busy place, such as an airport or shopping mall. Connect your smartphone to the detector via a stable Bluetooth 5.2 connection and stay calm in situations that usually cause stress.
