

## Magnetic Car Mount Remax. RM-C13 (black)

Magnetic Car Mount Remax. RM-C13 (black)

Ref: 6954851205227

Remax magnetic car mount. RM-C13 (black)

A phone holder is an essential addition to any vehicle. The RM-C13 features a minimalist design, is small in size and allows you to adjust your phone's position 360°. The solid magnet guarantees a secure and stable attraction of the device, so it will stay in place throughout the ride - regardless of the conditions on the road.

### Easy installation

You can easily mount the holder on the air vents of your car. It is small in size and will not take up much space. You just need to put your phone on the ready holder - its solid magnet will attract the device with great force and provide it with the required stability, so you can use navigation or play music while driving without any problems.

### Position your phone the way you like

This universal magnetic mount will successfully hold your phone in the size of 4.7-6.7 inches. You can adjust the position of your device 360°, which means you can position it both vertically and horizontally. The choice is yours!
