Car dashboard or windshield mount Remax. RM-C50 (black)

Remax car dashboard or windshield mount. RM-C50 (black)

The Remax RM-C50 is an accessory that will get you to your destination safely. The dashboard-mounted car mount provides easy access to navigation, offers the ability to position your phone vertically or horizontally and gives it the stability it needs in all conditions. It is designed for phones with a width of 52-90 mm, so it stands out for its wide compatibility. The mount was created from high-quality materials, so it is sure to serve you for a long time.

Adapt to your preferences

The holder is distinguished by its telescopic design, thanks to which you can not only adjust the position of your phone in 360°, but also position it higher or lower. The entire operation is carried out with just one hand, so you can safely reposition your phone when needed.

Robust design

Durable materials were used to make the holder, so the product stands out for its long life. The solid workmanship means that the holder holds well on the dashboard and provides your phone with the required stability. Remax RM-C50 has a simple and elegant design and will fit into the interior of any car. What's more, it was created with environmentally friendly materials.
