

Car mount Remax RM-C62 (crystal)

Car mount Remax RM-C62 (crystal)

Ref: 6954851211518

Remax Car Holder. RM-C62 (transparent)

Your car should not lack a car holder! Remax RM-C62 is not only a convenient and safe holder for your phone, but also an indispensable gadget that can save your life in an emergency. It is compatible with phones with a width of 68-90 millimeters and is made of high-quality materials, so it will successfully serve you for years.

More than a holder

If you use navigation, the holder will provide you with convenient access to your phone. The solid arms guarantee the required stability in all conditions and the ability to adjust the position of the device vertically or horizontally. What's more, the holder has a hidden safety hammer that will help you break the window in case of an emergency. You will also find a built-in blade in the holder, which will allow you to cut the belt in case of danger. This little gadget can prove extremely useful in the event of a car crash or rescue operation.
