

## Docking Station Remax, RP-U15, USB, HDMI, USB-C (black)

Ref: 6954851242048

Docking Station Remax, RP-U15, USB, HDMI, USB-C (black)

Remax Docking Station, RP-U15, USB, HDMI, USB-C (black)

The Remax RP-U15 docking station is an accessory that will allow you to expand the capabilities of your laptop, phone, or other devices. It features a durable and rugged design and offers a USB-C fast charging port, as well as USB and HDMI ports with 4K video support.

### Useful ports

The RP-U15 docking station allows you to charge your devices using the PD60W's USB-C port, so you can charge your mobile devices quickly and conveniently. The USB 3.0 port allows for high-speed data transfer, and with HDMI you can stream 4K video to the big screen from your laptop or phone, for example.

### Wide compatibility

The RP-U15 supports devices via USB-C, and the ports it offers are universal, meaning the station will work great with a wide range of devices. The station offers an output current of 100-500 mA and is suitable for powering both smaller and larger electronics, without the risk of overheating or shorting out.
