

Wall charger Remax, RP-U2, USB, USB-C, 20W (white)

Ref: 6954851228509

Wall charger Remax, RP-U2, USB, USB-C, 20W (white)

Remax mains charger, RP-U2, USB, USB-C, 20W (white)

Now you can charge your devices up to 4 times faster! The Remax RP-U2 is a charger that will not let you down. It charges with up to 20 watts of power and offers universal USB and USB-C ports, so you can instantly charge 2 devices at the same time. The product stands out for its extremely small size and supports a wide range of voltages, making it the perfect travel companion! What's more, it has a number of safety features and does not generate heat, so your devices are completely safe.

Even faster charging

Remax RP-U2 stands out with its 20W power output, which means it can charge up to 4 times faster than traditional chargers. With its help, you'll reach 86% in your smartphone's battery in just 30 minutes! USB and USB-C ports will not only provide wide compatibility, but also the ability to charge two devices at the same time. Check out how convenient it is and don't waste any more time waiting.

Safety is the key

The charger allows you to quickly replenish the energy of your devices with high power. At the same time, it does not generate high temperatures, so you do not have to worry about overheating your equipment. What's more, the product supports a voltage range of 100-240 volts, so it's great for traveling, where you may encounter power outlets of different standards. Remax will allow you to safely charge your devices without worrying about short-circuiting, short-circuiting and other electrical hazards. Don't take risks and bet on
