Ref: 6954851228325

Wall charger Remax, RP-U5, USB-C, 20W (white) + Lightning cable

Remax network charger, RP-U5, USB-C, 20W (white) + Lightning cable

Ensure fast and safe charging of your devices with the Remax network charger. The RP-U5 supports PD 20W fast charging, guaranteeing greater efficiency. What's more, charging takes place at a lower temperature and shuts down automatically when the charge level reaches 100%. This solution ensures the safety of the charged equipment and prevents overheating, overcharging, etc.

Fast charging

The Remax RP-U5 supports fast charging, meaning that it takes just 30 minutes to charge an iPhone 13 to 50%. In comparison, traditional 5W chargers will replenish its energy to 15% in 30 minutes. Don't waste your time waiting!

Safety is key

With the Remax charger, your devices are completely safe! The RP-U5 is equipped with an intelligent system that allows you to cut off the power supply when your device is fully charged. This means you can plug in your phone overnight without worrying about overcharging. In addition, a number of safety features protect your devices from overheating, short circuit, etc.

Wide compatibility

The charger offers a USB-C input, which will allow you to charge a wide range of devices. What's more, it supports an input voltage of 100-240V, which means it's great for traveling, where you may encounter power outlets with different standards. It also comes with a Lightning cable, which will make it easier for you to charge your iPhones.

Manufacturer Remax Model RP-U5 Total power 20W Material ABS+PC Certification National 3C certification Cable length 1000mm Input power 100-240V ~,50/60HZ 0.5A(Max)/. Output voltage 5V/3A □ 9V/2.22A □ 12V/1.67A 20W(Max)
