

Wireless charger Cygnett 7.5W 2m (white)

Wireless charger Cygnett 7.5W 2m (white)

Ref: 0848116031941

Cygnett 7.5W wireless charger (white)

Enjoy convenient wireless charging of your smartphone. The Cygnett charger is equipped with high-quality magnets and is fully compatible with MagSafe technology. It provides up to 15 W of power, which translates into fast charging. It also stands out for its wide compatibility and robust yet stylish design.

MagSafe compatibility

The charger is compatible with MagSafe technology - it has built-in magnets that perfectly fit the iPhone 12 and 13, thus ensuring optimal positioning of the phone while charging. What's more, the product can be used in conjunction with official MagSafe accessories.

Fast charging

Don't wait too long until your phone is ready to use again. Thanks to the built-in magnets, the charger provides the perfect position for charging. What's more, for iPhones 8 and newer, the product offers up to 7.5 W of power, and up to 15 W for other compatible devices. With Cygnett you will charge your smartphone in no time!

Wide compatibility

The Cygnett charger will work perfectly with most devices that support magnetic wireless charging. It is compatible with iPhones and

Samsung smartphones, among others. You can also use your phone comfortably while charging - the long 2-meter cable provides comfort and freedom of movement.
