LDNIO A1206C Wall Charger, USB-C, 27W + USB-C to USB-C Cable (White)

LDNIO A1206C Wall Charger, USB-C, 27W + USB-C to USB-C Cable (White)

Charge your devices even faster. The LDNIO A1206C charger provides up to 27W of power and supports standards such as PD and QC3.0, for example, and is extremely lightweight and compact - so you can always have it at hand. It is also distinguished by its impressive robustness and a multi-level protection system that guarantees safe use. What's more, you'll additionally find a USB-C to USB-C cable included.

Fast charging

Need to leave the house soon, but found out you forgot to charge your smartphone? Don't worry - with the A1206C charger, you'll have it charged in no time! The product provides up to 27W of power and supports fast charging standards such as PD and QC3.0. This means that it allows you, for example, to charge your iPhone 14 Pro Max to 50% in around 30 minutes!

The perfect travel companion

Going on holiday? Take the AC1206C charger with you and don't give up the ability to quickly charge your devices! The product is very light and compact - it won't take up much space in your backpack, travel bag or handbag. However, this is not the end of the conveniences. Compatibility with 100-240V allows you to use the charger abroad without any problems!

Safety conscious

The A1206C not only allows you to charge quickly, but also safely. It is equipped with an advanced protection system against overcurrent, overvoltage, overcharging, overheating, short circuit and more. The device is also very robust and resistant to damage, and its casing is made of flame-retardant PC. It will serve you brilliantly for many years!
