

## External Blitzwolf LED solar lamp BW-OLT4 with dusk and twil

Ref: 5907489604420

External Blitzwolf LED solar lamp BW-OLT4 with dusk and twilight sensor, 1800mAh

### BlitzWolf Solar Lamp

3-part, adjustable solar lamp with motion detection sensor. It has 128 LED lamps and the lumen output reaches 700 lumens. The construction is mobile, so you can easily adjust it according to your needs. The motion detection sensor reaches an extremely far distance, as it reaches an angle of up to 120 degrees. Additionally, it has a waterproof IP64 system.

### Well thought-out design

When the sensor detects human or animal movement at a distance of up to 8 meters, the lamp will immediately release a stream of light. A wide angle of light will illuminate a large part of your garden. You can set the moving lamp shank as you like. Each of the three parts is adjusted to a rotation of 270 degrees. The lighting time by detecting movement is 30 seconds, while the light itself has a white, cool tint.

### Light up every angle

With the new BlitzWolf solar lamp you can brighten up every nook and cranny hidden in the dark. All three parts are movable, the two sides can fold at 90 degrees. The main part rotates up to 100 degrees and the solar panel can change position by 20 degrees. Everything has been thought out just to make sure you get the most out of your lamp.

#### Highest quality

The polysilicate, wide coating of solar panels provides the effect of 17 percent solar energy conversion. During one day, up to about 6/7 hours, the lamp can produce the required power to serve you best at night. Battery capacity is 1800 mAh, so it will easily provide light around your home all night.

#### Robust and resilient

Designed to withstand harsh weather conditions, ideal for lighting your home environment. Built-in waterproof IP64 system completely protects the lamp from flooding. It is also immune to unnecessary heating, so that it does not cause fires. The best ambient temperature in which it should be located is from about 0 to 45 degrees Celsius.

#### Manufacturer

Blitzwolf

#### Model

BW-OLT4

#### Solar panel

DC5.5V/1.55W

#### Color temperature

6500K

#### Sensor

lights/movement

#### Sensor range

8m

#### Waterproof system

IP64

#### Material

PC+ABS

#### LED

128 Pcs SMD2835

#### Luminous flux

700Lm

#### Battery capacity

3.7V/1800mAh

#### Ambient temperature

0~45°C

#### Size

176 x 103 x 117
