Cable USB to Lightning Cygnett 12W 0.1m (black)

Ref: 0848116021577

Cygnett USB-A to Lightning cable 12W 0.1m (black)

The Cygnett USB-A to Lightning cable will allow you to quickly renew the power of your Apple-branded device. It uses 12W power, and thanks to its durable construction, it will last you a long time.

Quickly and safely charge your device

The product features a USB-A to Lightning interface and is compatible with iPhones, iPads and iPods. Thanks to its 12-watt power output, you won't have to wait too long until your equipment is ready to continue operating. In addition, it meets Apple standards, guaranteeing reliable operation.
