Adjustable car mount for tablet Cygnett (black)

Cygnett Magnetic car tablet holder (black)

Transform your back seat into a digital entertainment center and keep your kids entertained while traveling. The car mount is compatible with most tablets and keeps your device stable in all conditions. You can rotate it 360°, giving your passengers a perfect view of the screen.

Mount and drive

The Cygnett mount attaches to the metal headrest supports in your car. The "click-lock" latch system allows you to instantly place your tablet in the holder, as well as easily remove it once you reach your destination.

Practical accessory

The car tablet holder is ideal for keeping passengers occupied in the back seat, allowing the driver to focus on the road. It keeps your device stable and secure, and with its 360° swivel and tilt function, it allows you to angle your tablet screen vertically or horizontally for a perfect glare-free view.

Compatibility

The product is distinguished by its wide compatibility with various tablet models, thanks to its flexible stand adjustment system. The
