

Camping lamp Superfire T20, 180lm, USB

Camping lamp Superfire T20, 180lm, USB

Ref: 6956362932999

SuperFire T20 portable light - ideal for camping

The compact SuperFire T20 light is ideal for camping and more. Shining with a brightness of up to 200 lumens, it will provide optimal illumination in many situations. The powerful 1200 mAh battery guarantees long runtime, and the light weight of 90 g makes it easy to take the device wherever you want. Moreover, thanks to its 4 light modes, you can easily adjust its performance to your needs.

Optimal lighting

The light emitted by the product is friendly to the eyes. It also stands out for its high brightness. That's why the T20 is perfect for a wide range of scenarios - almost anywhere it can provide exactly the illumination you want - both indoors and outdoors.

4 lighting modes

The SuperFire light can shine in 4 ways - strong, weak, with strobe effect or in SOS mode. This makes it ideal for various applications. It will provide excellent illumination on a camping trip, in a garage or in a food shed. It will also work well as a bedside lamp in a bedroom or in a child's room. The possibilities are almost endless.

Extremely powerful

The powerful rechargeable battery provides up to 10 hours of operation in powerful light mode. What's more, you can quickly and

conveniently charge the lamp with a simple USB cable. All this means that the T20 will delight you with efficient, effective performance. It doesn't take much to enjoy extremely bright lighting for 10 hours!

Enjoy convenient operation

The T20 is also extremely easy to use. One convenient button allows you to perform all operations. With its help you will turn the lamp on and off, as well as change the light mode. The most important thing is your convenience!

See even more

It is possible to hang the lamp on a special hook. This will allow you to apply it in even more diverse scenarios. For example, you can hang it in the garage to see more when you tinker. Take advantage of this possibility also when camping - this way you will brilliantly brighten up even the darkest night.

Take it with you

The lamp is light and small - its dimensions are only 80x80x74 mm. So you can easily fit it in your luggage and take it with you to a tent or on a camper trip. The device does not take up too much space, so you can use it almost anywhere you need it. T20 is optimal lighting while saving space!
