

Cable USB-C to USB-C Acefast C6-03 with display, 100W, 2m (b

Cable USB-C to USB-C Acefast C6-03 with display, 100W, 2m (black)

Ref: 6974316281054

USB-C to USB-C Acefast C6-03 cable with display, 100W, 2m (black)

Don't waste time charging your smartphone for hours! The Acefast C6-03 cable enables fast PD charging with up to 100 watts of power. It is compatible with many popular devices. Thanks to the use of a robust braid, it is resistant to damage and wear - it is also not afraid of bending. A number of safety features ensure safe use and the built-in display will inform you of the charging power.

Charge with 100W

Tired of waiting endlessly for your phone to be ready to use? The Acefast cable comes to the rescue! It offers instant PD 100W charging, so you'll be charging your device in no time. However, that's not all! The built-in smart chip effectively protects your device from damage, while multi-level protection ensures protection against overcurrent, overvoltage, short-circuits and overheating.

Robust design

The cable is distinguished by its robust and wear-resistant construction, so you can be sure that it will serve you well for a long time. The nylon braid perfectly protects the cable from breakage or other mechanical damage and prevents tangling. The C6-03 model also has a small built-in display that gives you real-time information about the charging power.
