Cable USB to USB-C Acefast C2-04 1.2m (black)

Acefast C2-04 1.2m USB to USB-C cable (black)

Looking for a reliable cable with which to safely charge your devices and quickly transfer data? Acefast is a proven solution! With USB-USB-C connectors, it offers wide compatibility. It supports a maximum current of 3A, and the built-in chip allows you to adjust the current to individual devices, protecting them from overcharging or short-circuiting. The cable is made of high-quality materials, making it resistant to extreme temperatures, pulling, tangling, etc., so it is sure to serve you for a long time. What's more, the silicone used to create the cable is extremely pleasant to the touch and safe for the environment. The cable comes in an elegant black color, and its length is 1.2 meters. Now you can conveniently and safely charge all your equipment.

Fast and safe charging

The cable is designed for fast charging, which means it supports a maximum current of 3A. Such a solution allows you to significantly reduce charging time and replenish your smartphone up to 50% in only 30 minutes! The product has a number of certifications confirming safety and compliance with standards. Your equipment is safe with Acefast!
