USB-C / USB 3.2 Gen2 Cable 100W 10Gbps, 2m (Black)

USB-C / USB 3.2 Gen2 100W 10Gbps cable, 2m (black)
Charge your gear quickly and conveniently! With the INVZI cable, your devices will regain a full battery in no time, as it stands out for its 100W power level. What's more, you can use it with all sorts of devices, and also use it for data transfer.

Fast charging and data transfer
The INVZI cable is distinguished by fast charging with up to 100 watts of power. This guarantees an efficient and fast charging process for your devices. In addition, thanks to USB 3.0 Gen2, the cable allows data transfer of up to 10 Gbps, which translates into lightning-fast file transfers. It has also been equipped with an E-Marker chip, so it also supports DisplayPort alternate mode.

High compatibility
The INVZI cable offers great compatibility. It can charge a wide range of devices, including notebooks, phones, tablets, headphones and more. This means you don't have to worry about whether your device is compatible with the cable. It is ideal for people who own a wide variety of electronic devices and want to charge them quickly and conveniently.

Thoughtful design
The braided nylon exterior and strong support cores make the cable strong and resistant to wear and tear. The slim TPE-coated USB-C
