Stand, phone holder Acefast E4 (black)

Do you like watching series on your tablet? Or do you often use online recipes? The Acefast E4 stand is sure to meet your expectations! It is adjustable in terms of tilt angle and height, so you can easily adjust it to your needs and preferences. It can accommodate phones and tablets from 4.7 to 12.9 inches and offers reliable stability thanks to its non-slip pads.

Safe for your smartphone

The stand is distinguished by its carefully thought-out design. Thanks to its large base, it provides reliable stability - so you don't have to worry about it tipping over. The silicone elements protect your device from scratches and also increase its safety.

Tailored to your needs

Ensure the maximum level of comfort when using your smartphone or tablet. The stand is adjustable in height from 315 to 500 mm and has a tilt angle of 60°. You are also free to change the position of your device - it will easily hold your smartphone or tablet vertically as well as horizontally. This allows you to position your device as you are comfortable! What's more, you'll take care of your posture, allowing you to avoid persistent neck and shoulder pain.

Many possibilities

The Acefast holder is perfect for everyday use. It allows you to watch TV series or films without having to hold the phone in your hands. You can also use it in the kitchen to comfortably prepare delicious meals using recipes from YouTube. It will also make it easier for you to follow live broadcasts or take notes for university!
