INVZI Hardshell case for MacBook Pro 14" A2442

Ref: 744252199807

INVZI Hardshell case / cover for MacBook Pro 14" A2442

Ensure reliable protection for your MacBook Pro. The INVZI case, made of high-quality PC and TPU materials, will protect it from damage and dirt without obscuring its ports and sensors. The accessory is also distinguished by its stylish, minimalist design.

Protects your MacBook Pro

High-quality TPU and PC plastics have been used to make the case. As a result, the accessory can effectively protect your MacBook Pro from scratches or damage caused by falls. What's more, the non-slip pads give your laptop more stability - preventing it from sliding around on your desk surface.

Comfortable to use

Thanks to its carefully thought-out design, the sleeve fits your MacBook Pro 14" (A2442) perfectly. The accessory is also equipped with special cut-outs and openings to allow unobstructed use of the laptop's ports and sensors. What's more, the product will not obstruct the camera or speakers.

Stylish design

The case also features a modern, minimalist design - if you appreciate stylish design, it will certainly appeal to you. It has a matte finish

and the Apple logo is still visible when you place your MacBook inside. It also protects your laptop from dirt, dust and fingerprints.
