Techwood TAS-642 upright vacuum cleaner

Win the battle against dust. The Techwood TAS-642 upright vacuum cleaner is distinguished by its 600 Watt power, which makes it perfect for dealing with dirt. It is equipped with a HEPA filter and a 0.5-liter waste tank. It also comes with several practical accessories that will help you vacuum even hard-to-reach corners. The device will also work well as a small handheld vacuum cleaner.

Amazing performance

With Techwood you will easily make your home sparkle clean. The TAS-642 vacuum cleaner features a power output of up to 600 watts and uses multi-cyclone technology to quickly and effectively eliminate even the most stubborn dirt. It is also equipped with a reliable HEPA filter. Dust, crumbs, dander and even hair - nothing can hide from it!

Practical accessories included

Make cleaning hard-to-reach corners easier. In the package you will find several practical accessories to help you do it! The flat crevice brush will allow you to remove dust from narrow places and recesses in chairs, and the small brush will allow you to thoroughly clean the surface of furniture. The set also includes an aluminum telescopic tube.

Even more conveniences

Find out that vacuuming doesn't have to be an unpleasant chore at all. The Techwood TAS-642 is very easy to use, and its ergonomic handle provides greater comfort. Its dust container has a capacity of 0.5 l - you don't have to empty it too often. The device can also serve as a handheld vacuum cleaner, with which you can easily remove dust from furniture.

#### Specially designed floor brush

The vacuum cleaner's floor brush is ideal for a variety of surfaces - from laminate to carpets. It's wide enough to vacuum larger areas faster. It also allows you to choose from 2 settings. The extended position will be suitable for hard floors, such as tiles and panels. The retracted position is good for soft surfaces, such as carpets and rugs.
