Electric manicure and pedicure milling machine Techwood TMA-54

Ref: 3760115718937

Techwood TMA-58 electric manicure and pedicure cutter

Take care of your nails and enjoy beautiful hands. The Techwood TMA-58 electric milling machine will make it easy for you to do manicures and pedicures. It offers 2 speeds to choose from, so you can adjust it to your needs. It also comes with up to 6 interchangeable tips and a practical storage box.

User-friendly

The milling machine is extremely easy to use. It allows you to choose from 2 speed levels, which you set with a convenient to use switch. Thanks to this, you can easily adjust its work to your expectations! It is also distinguished by its ergonomic design. To power the device you will need only 2 A6 / AA 1.5 V batteries (not included).

6 tips included

Give your nails the desired shape and prepare them before the manicure. The set includes up to 6 different tips to make this task easier for you! You'll have a rounded cuticle cutter, a round nail file, a finishing file, a hard nail file, a conical callus cutter and a conical cuticle cutter.

Hassle-free storage and transportation

The kit also includes a practical box for storing the cutter and tips. It will help you stay organized with ease! You will also avoid losing your picks. The box also allows you to conveniently transport the device with accessories. So, for example, you can take it with you on vacation - just pack it in your travel bag or suitcase!
