

Case ESR Classic Kickstand for iPhone 14 Pro, Magsafe (clear)

Ref: 4894240161548

Case ESR Classic Kickstand for iPhone 14 Pro, Magsafe (clear)

ESR Classic Kickstand case for iPhone 14 Pro, Magsafe (clear)

Give your iPhone the best protection while enjoying the convenience of use! The ESR Classic Kickstand case perfectly protects your device from scratches, shocks or damage. The built-in stand will allow you to watch videos comfortably, and it also effectively protects the camera lens. It is also a perfect fit for the iPhone 14 Pro and fully compatible with all Magsafe accessories.

For the safety of your iPhone

Have confidence that your phone is effectively protected in almost any situation! The case reliably protects your device from accidental damage. The reinforced Air-Guard edges absorb shocks caused by falls, and also perfectly cushion falls. Raised edges further protect the screen and lens from scratches when the smartphone is lying on a flat surface.

With attention to detail

The Classic Kickstand case has a built-in, foldable stand that allows you to freely watch videos, make video calls or use apps in a horizontal position, without having to hold the phone in your hand. This is an ideal solution for those who appreciate comfort while using a smartphone. What's more, you can freely adjust its tilt angle from 0 to 85°!

Perfect fit

The case was designed with the iPhone 14 Pro in mind. It fits it perfectly, and precise port cutouts provide full access to the smartphone's interface. So you can freely charge your phone without removing the case - even with a wireless charger! Built-in strong magnets make the Magsafe magnetic accessory adhere perfectly to your smartphone.

Rugged design

Thanks to its sturdy construction, the ESR Classic Kickstand case can withstand even the toughest conditions - it meets the Military Grade standard, which proves its extreme durability. The case is also distinguished by its resistance to yellowing, which means that the transparent design will remain pristine and aesthetically pleasing for longer. As a result, your iPhone 14 Pro will always look great!
