ESR HaloLock Magnetic Car Holder (gray).

ESR HaloLock Magnetic is a practical car mount that will make car travel much more comfortable and safe. Thanks to the use of strong magnets, it stably holds your smartphone in one position. You can easily mount it in the air vents, and it is fully compatible with MagSafe technology.

Unwavering stability

You no longer have to worry about your phone falling off the mount while driving on a bumpy road! The N52H's high-quality magnets stably hold your smartphone in place while allowing you to easily detach and attach your phone at any time. Additional stability is provided by an extendable hook, which allows you to securely attach the holder to your car's air vents.

With convenience in mind

Adjust the position of your phone to suit your needs! The ESR HaloLock Magnetic allows for 360° adjustment. This allows you to successfully position your smartphone both vertically and horizontally. What's more, the rotating ball joint also allows you to adjust the viewing angle. The car mount also has a special place for the cable.
