Rotary toothbrush with tips set and travel case Bitvae R2 (black)

Rotary toothbrush with tip set and case Bitvae R2 (black)

Want to take even better care of your oral hygiene? With Bitvae R2 it will be possible! It provides better cleaning than a regular toothbrush, and what's more, thanks to the built-in timer you will gain confidence that your teeth are cleaned according to the recommendations of dentists. In addition, you will find replaceable tips in the set, which you can share with your loved ones.

Perfect hygiene

Bitvae R2, is a rotary toothbrush that offers excellent oral hygiene, thanks to its high vibration frequency of 40000 VPM. Thanks to its advanced technology, it is able to remove up to 400% more plaque than a standard manual toothbrush, guaranteeing healthy and clean teeth. In addition, this innovative product includes 8 interchangeable tips - six heads for daily cleaning and two specialized heads for gum care. This means that the Bitvae R2 is not only extremely effective, but also versatile.

Ease of cleaning

The Bitvae rotary toothbrush is a guarantee of effective oral hygiene without unnecessary complications. It is equipped with a built-in 2-minute timer, which allows for thorough and effective cleaning in accordance with dentists' recommendations. What's more, the device reminds you every 30 seconds to change the cleaning location, so every corner of your mouth receives even care.

Tailored to your needs

Bitvae adapts to your needs. The toothbrush features five cleaning modes - 'Clean' for standard cleaning, 'Sensitive' for those with sensitive teeth, 'White' for stain removal and teeth whitening, 'Tongue' for thorough tongue cleaning, and 'Gum Care' for gum care. This variety of modes makes this device a comprehensive tool for taking care of your oral health, tailored to your unique needs and preferences.

Safety Guarantee

Safety guarantee is one of the most important aspects of the Bitvae R2 rotary toothbrush. It features a special sensor that protects your gums from too much pressure during cleaning, preventing damage and providing a comfortable experience. In addition, the toothbrush has a two-color ring that can be used to identify each brush head, which is especially useful when the handle is shared among family members. To maintain the highest hygiene and effectiveness, it is recommended to replace the heads every 3 months.

Waterproof

Water resistance is another advantage of the Bitvae R2 rotary toothbrush. Thanks to its IPX7 certification, this device is fully water resistant, which means you can use it in the shower or while bathing without worry. This feature adds to the convenience of use and allows you to maintain your oral hygiene routine no matter what the circumstances. The Bitvae R2 combines functionality, safety and durability, meeting all your needs for maintaining healthy teeth and gums.

Long service life

Not only does the Bitvae R2 offer excellent cleaning capabilities, it is also extremely energy efficient. This rotary toothbrush has the ability to run for up to 30 days on one full charge, making it ideal for everyday use as well as travel. Forget about constant charging and enjoy the reliable performance of the Bitvae R2, which provides not only efficient cleaning, but also exceptional convenience.
